Reasons to Use the Komen App

The Komen App makes it easy to raise more money with less effort - and do it all from the palm of your hand!

1

IT'S EASY!

We'll show you how easy it is in the following steps.

2

EASILY UPDATE YOUR PERSONAL PAGE.

Let others know "why" you're fundraising for Susan G. Komen. You can upload an image from your phone's library directly to your personal fundraising page, and easily edit your story.

3

TEXT YOUR FRIENDS TO REQUEST DONATIONS.

Text requests are one of the most effective fundraising tools. The text-to-give functionality in our app makes it easy to reach out to everyone in your phone!

4

SUBMIT CHECKS INSTANTANEOUSLY.

No more printing forms or mailing in checks! The mobile check deposit feature on the app also allows the deposit amounts to show up immediately in your fundraising total. No more waiting for months to get credit for a donation.

5

CREATE A QR CODE TO SHARE

Make your mobile fundraising easier by sharing your personal QR code with your peers! You can send the code through email or share it with your personal network.

To find our mobile app, search "Komen app" on your Apple or Android phone app store. Once you download the app, you will log in with the same username and password that you created when you registered your DIY Fundraiser at komen.org/fundraise.

If you haven't created a DIY Fundraiser yet, visit komen.org/fundraise or email fundraise@komen.org for help.
