FOR THE cure®

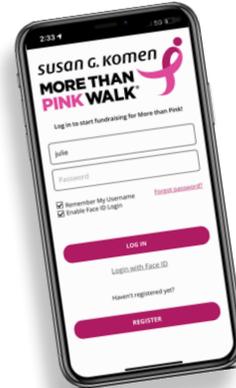

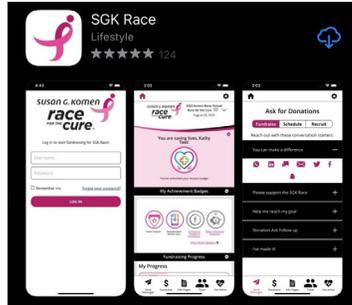

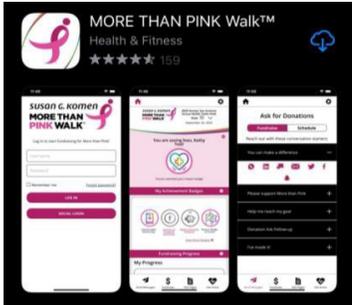

# Download Our **Mobile App** TODAY!

The MORE THAN PINK Walk and SGK Race apps are your keys to unlock the full event experience. Not only can you fundraise on-the-go and track your progress, you can track your steps as part of our ONE community and learn more about our mission to end breast cancer.

## Get Started

Visit the Apple App Store or Google Play on your device and, depending on your event, search for “MORE THAN PINK Walk” or “SGK Race” and follow the steps to download and launch.

Then, simply log in using the username and password you created during registration. Select the “Remember My Username” and “Enable Face/Touch/Biometric login” boxes and you’ll never have to enter them again! Next time you log in, just click the Login with Face/Touch ID link and you’re in!

## Update Your Personal Page

Customize your personal page with a message about why you are participating and raising money to end breast cancer. You can add fun filters & stickers to your pictures, too.

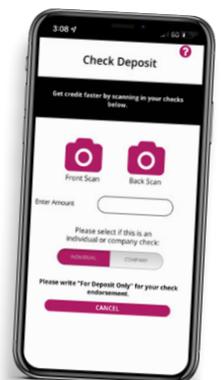

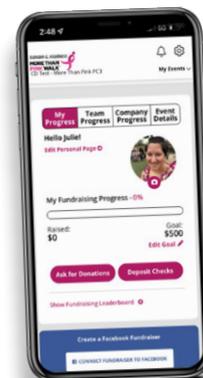

**PRO TIP:** Fundraisers who add a personal story and photo raise more money, on average, than participants who don't.

**Need help?** Click on the  in the top right corner, then “Need Help?” to open our support portal. Search our app FAQ for an answer or open a ticket with our app support team.

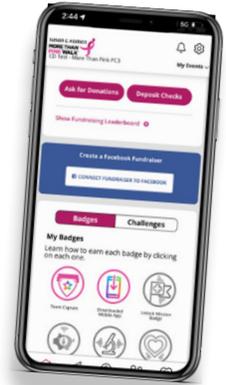

## Deposit Checks

You can deposit a check donation in the app by clicking the “Deposit Checks” button in the My Progress section of the app home page. Just like online banking, you scan both sides of the check and the name and amount will be added to your fundraising total. No waiting or mailing required!

## Create a Facebook Fundraiser

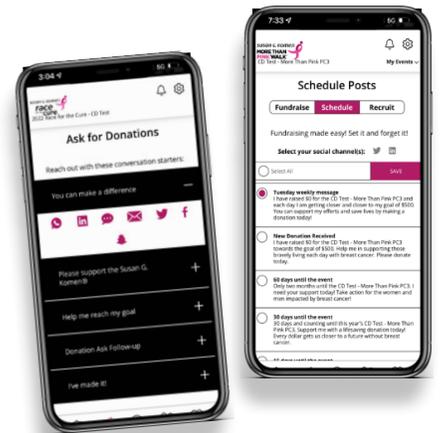

Connect your fundraising efforts directly to your Facebook account by clicking “Connect Fundraiser to Facebook” on your app home page. You will be prompted to log in to Facebook and click OK to allow permissions to link to your page. Then your friends will easily be able to support you by donating through Facebook.

## Schedule & Send Messages

Click the “Send Messages” icon to send texts or emails and post social media messages to ask for support. There are pre-written templates to get you started, and each message includes a link to your fundraising page/

**PRO TIP:** You can even schedule posts on LinkedIn and Twitter to publish periodically leading up to the event.

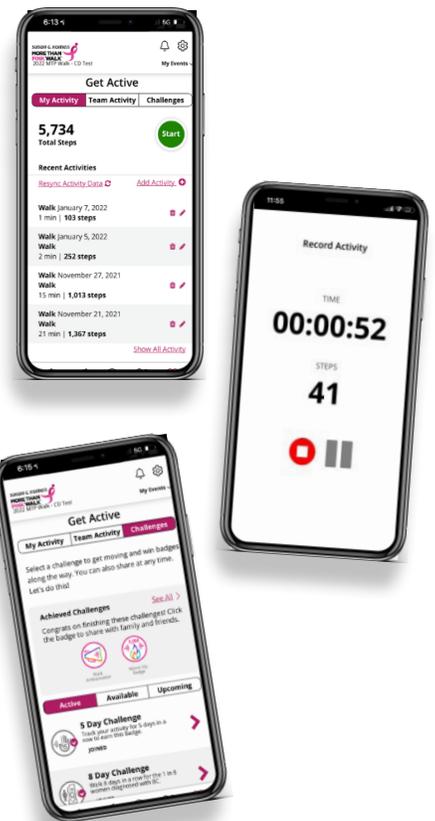

## Track Steps & Join Activity Challenges

Connect your wearable Fitbit or Garmin tracker, or connect to Apple Health or Google Fit on your device, to track your steps so your everyday walk or jog can be steps to end breast cancer. Make sure to allow access to ALL activity data for proper tracking.

If using a wearable device, simply start your activity there! The next time you sync your device the steps will appear in the app (may take up to 24 hours). If using your phone’s activity tracker, click the “Activity” icon, then simply hit the Start button to begin recording your steps. When done, press the red stop button and “Confirm” when prompted to save the information.

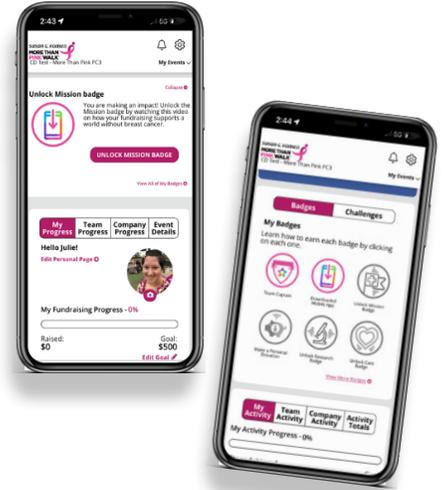

Check out all of the available step challenge badges under the “Challenges” tab. How many can you earn?

## Earn Mission Badges

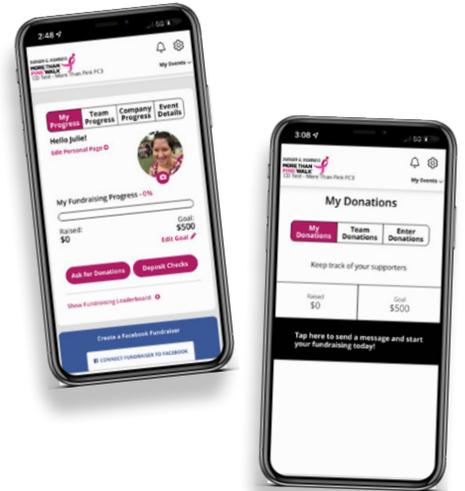

Learn more about the mission of Susan G. Komen and our vision of a world without breast cancer by watching videos and taking quizzes to earn our Mission badges found on your app home page.

These badges will provide you with new information to share as you fundraise and motivation to keep working toward your goal.

## Track Fundraising Progress

Stay up to date on your fundraising progress. Your home screen displays how much you've raised toward your fundraising goal. On a team? You will see your team progress, too. Click the "Donations" icon at the bottom to see your individual or team donations.

## Receive Motivational Texts

Make sure to say "yes" to allow app push notifications so you don't miss out on inspirational survivor stories, fundraising tips and team captain advice. We'll be cheering you on as you work toward your goals.
